  E-ordering in 10 minutes or less

- **Speed to Kickoff**
  Awards in 30 days or less

CVP AND CIO-SP3

CVP is a premier business and information technology consulting firm that helps government agencies maximize operational efficiencies and reduce costs in order to achieve their organizational goals. We employ Voice-of-Customer based methods to solve performance challenges and help our customers navigate dynamic business and IT demands through Agile Systems Integration, Cybersecurity, Performance Transformation and Analytics, and Training and Strategic Communication. Our health IT capabilities, technical expertise, and customer-focused approach are directly relevant to the Chief Information Officer – Solutions and Partners 3 (CIO-SP3) Government–wide Acquisition Vehicle (GWAC).

The scope of CIO-SP3 is broken into task areas and detailed definitions of each can be found on the NITAAC web site. CVP provides world-class technical leadership and IT-related services across all of the CIO-SP3 task areas, which correspond to our areas of expertise in the federal health marketplace:

- **Task Area 1** – IT Services for Biomedical Research, Health Sciences, and Healthcare
- **Task Area 2** – Chief Information Officer (CIO) Support
- **Task Area 3** – Imaging
- **Task Area 4** – Outsourcing
- **Task Area 5** – IT Operations and Maintenance
- **Task Area 6** – Integration Services
- **Task Area 7** – Critical Infrastructure Protection and Information Assurance
- **Task Area 8** – Digital Government
- **Task Area 9** – Enterprise Resource Planning
- **Task Area 10** – Software Development
FASTER, EASIER, COST COMPETITIVE

The streamlined acquisition process and fast provisioning are advantages offered to customers using CIO-SP3. A next generation Federal Health IT contract vehicle, CIO-SP3 is administered through the National Institutes of Health Information Technology Acquisition and Assessment Center (NITAAC), which leverages cutting edge processes and technology, including an unrivaled e-ordering system, eGOS.

WHO SHOULD USE CIO-SP3?

Any agency that is looking to procure a broad range of mission critical IT requirements can benefit from leveraging CIO-SP3.

HOW DOES CIO-SP3 WORK?

Ordering through CIO-SP3 is streamlined. Simply submit your task order requirements through NITAAC. The NITAAC contract specialists will perform an assessment for scope, clarity, and other factors within 24 hours. Once your RFP is ready, you upload it into the automated competition and management system—e-GOS—and it will be automatically distributed to qualified contract holders. RFIs and Q&As can also be uploaded through the system. The NITAAC Customer Support Center offers training and assistance throughout the acquisition process.
